

## **AMC Sponsors Consulting Program**

One of the many benefits of the AMC Sponsors program is access by sponsoring companies to 150 hours of AMC consultation on topics related to Adaptive Metrics at no charge.

The sponsoring company can choose one of two plans for using AMC consulting services. Under both of these plans, AMC will make available the consulting services of Joseph M. Firestone, Ph.D. Managing Director and CEO, and Steven A. Cavaleri, Ph.D. Senior Executive Vice President of the Adaptive Metrics Center.

**Plan A:** The purpose of Plan A is to deliver telephone consulting to the sponsoring organization on a week-to-week basis throughout the year at roughly 3 hrs. per week. If a sponsoring organization's consulting time allotment of 3 hrs. is unused in any given week, then the unused time is credited to the sponsor's account and the allotment of no-charge consulting for the succeeding week is adjusted accordingly.

For example, if a sponsor doesn't use its consulting allotment for 4 weeks, the amount of no charge consulting available in the 5th week would be 15 hrs. If the sponsoring organization requires additional consulting beyond its accumulated allotment of no charge consulting in any given week, AMC will make it available at the discounted rate of \$250 per hour. A sponsor must use its no-charge consulting credits within the annual period of its sponsorship. Accumulated credits will not carry over from one sponsorship year to another.

**Plan B:** The purpose of Plan B is to deliver AMC consulting services through periodic engagements. Using this plan, a sponsoring company can engage AMC consulting services according to any schedule it prefers until the allotment of 150 hrs. is exhausted. Additional consulting beyond the limit of 150 hrs. is available at the sponsor's discounted rate of \$250 per hour.
